AGENCY NAME

PROGRAM NAME

I. Program Description:

The Local Government Records Office was established as a result of the passage of Senate Bill 2836 by the 1996 legislature (Mississippi Code of 1972, Annotated, 39-5-9) and is responsible for the development of records retention schedules for counties, municipalities, school districts, and other local governmental entities; training local government officials in records management procedures; providing field services in the development of records management programs to local governments; and providing assistance to the Local Government Records Committee.

The Local Government Records Office is funded by filing fees assessed on local government records transactions in municipalities and counties.

The Local Government Records Committee (Mississippi code of 1972, Annotated, 25-60-1) approves records retention schedules for local government records. Approved schedules have the force and effect of law. Committee travel and per diem expenses are also paid from State Treasury Fund #3474.

In order to provide more integrated, consistent programs and services to local governments and state agencies, the Local Government Records Office has been combined into the Government Records section of Archives and Records Services.

II. Program Objective:

The objective of the Local Government Records Office is to provide records management services to local governments so that public records are maintained in accordance with legal, fiscal, administrative, and historical requirements.
